APPMAGIC 2022

Products

AppMagic presents proposed Web Applications that cover an entire range of proven revenue streams. As of this writing, the TENTO Web App is beginning development under WordPress 5.8

During the 2020's and beyond, users will expect fast, immersive, engaging and delightful Apps for all types of personal and business needs.

BATL ©

BATL is your multiplayer card based warrior game.

Players battle for rank and abilities with others across the globe using weapons, puzzles, mazes and educational trivia questions.

BATL one on one, in teams and even with hundreds at a time. Fun for all ages!

TendTo ©

TendTo is your companion App for all Senior Care, Assisted Care and Disability Care Services.

Features include scheduling, messaging, payment and food delivery for admins, providers and clients.

TendTo enters one of the strongest and fastest growing revenue markets in the entire globe.

APPMAGIC 2022

Joynus ©

Joynus is your proximity App for all events happening live in your area. Search and post local activities, meetings, meet-ups and events.

- Another player for your afternoon Tennis game?
- A business meeting at your local coffee shop?
- Dinner with a new and interesting friend?

With Joynus there are always people to join!

Viewly ©

Viewly Communicator offers complete remote telepresence.

Video chat one to one, one to several or in large audience groups with multiple media windows.

Features include live chat, scheduling and billing for all Professionals, Practitioners and Telemedicine.

Wheely ©

Wheely is your easy to use mobile Gig services App.

Wheely offers convenient and comfortable rides by either people or automated vehicles, trucking pickup and delivery, rentals and food Delivery.

Built-in safety features via AppMagic's Alarum GPS integration to always ensure safety.

Kinetic People

Kinetic People is your professional networking companion. Swipe people presented to you based on your interests, industry and skills.

Request connections and connect live. Create and join groups with similar interests. With Kinetic People networking is only a swipe away!

SportFreaks ©

With laws changing in favor of sports betting, SportFreaks enters this very popular market.

Bet on your favorite Fantasy Teams or start your own Fantasy League for others to join.

With the SportFreaks App it's always "game on".

Biddie ©

Biddie features short bidding cycles where shoppers compete for items at deep discounts.

Biddie enters the ever growing shopper's bidding marketplace creating small amounts of profit with millions, even billions of quick transactions.

Have an App in mind?
Let AppMagic make it happen!

We certainly have other ideas, but your own idea may be the next “Unicorn App”. At AppMagic we humbly assist to make that dream come true.
